

## Library card for children and youngsters under 18

Your card is for your personal use only. No one else is allowed to use it. If you lose your card, contact your library so the card can be blocked. Parents/guardians are responsible for their child's loans. If the item borrowed by the child is damaged or not returned, the parents/guardians will have to pay for it.

By filling in and signing the paper below, you agree to your child having a library card. You also agree to the child's personal data consisting of name, personal identity number, address, telephone number and email address being recorded in the library's computer system. The child's loans, reservations, return dates and any late-return charges will also be recorded. Data on loans are deleted once the items are returned and when any charges have been paid.

We hope your child will enjoy reading our books!

Welcome to the library!
